The energy heart of the country beats in the Regional Unit of Kozani, where the 1st International Energy Conference and Exhibition "BALKAN ENERGY FORUM" will take place. The event shall take place at the Exhibition Center of Western Macedonia in Koila Kozani, from Thursday 23 May to Saturday 25 May 2024, focusing on the energy future of the broader Balkan region and the forthcoming large investments in energy networks and infrastructure.

The Forum is a joint organization of the Ministry of Interior (Macedonia - Thrace Sector) and TIF-HELEXPO.

Exhibitors at the "BALKAN ENERGY FORUM" will be companies and organizations active in Greece and the countries of South-Eastern Europe, in the fields of Renewable Energy Sources, hydrogen,

energy storage, conservation, etc., while at the Energy Forum important representatives of the political and economic life, scientists from research centers and university institutions, business executives and organizations active in the field of energy will be among the numerous speakers.

Western Macedonia, which has now rapidly entered the era of renewable energy sources and clean technologies, has been chosen to host this major conference and exhibition event. The strategic objective of the "BALKAN ENERGY FORUM" is to contribute to the public, national and European dialogue, for a climate-neutral, sustainable and inclusive development.
